Experience

- UKG** Jul 2025 - Present
Software Engineer
 - Ensured smooth rollouts while processing **more than 10 releases** as a part of the Customs team.
 - Built internal tools and features for **Angular and DotNet** microservice-based automation system, improving efficiency.
 - Built an AI-powered merge tool, automating merge conflict resolution and reducing workflow processing time by **10%**.
 - Diagnosed and resolved frontend and backend bottlenecks across deployment-monitoring dashboards, reducing API response times **by up to 93%** and cutting 1000-record bulk processing time from 380s to 4s.
 - Leveraged AI to generate unit test cases for legacy .NET services, achieving **over 70% code coverage**.
- Cred** Sep 2024 - Apr 2025
Software Engineer Intern
 - Designed and developed scalable backend utility services to streamline storage, maintenance, and tracking of test cases for entire organization resulting in more than **90% reduction in Testrail costs**.
 - Automated more than 30 E2E test cases for REST APIs using TestNG and Java, increasing coverage by **50%**.
 - Automated more than 40 E2E test cases for Android and iOS applications using Appium and Java client.
- Infinity Learn** Oct 2023 - Dec 2023
Software Engineer Intern
 - Implemented staging CI/CD pipelines utilizing **AWS Amplify**, reducing deployment time by 30%.
 - Optimized SEO, accessibility, and responsiveness, successfully supporting monthly user **traffic of 500,000**.
- GreyFeathers** Dec 2022 - Oct 2023
Software Engineer Intern
 - Developed user interfaces and integrated server APIs using React and Redux, enhancing project functionality.
 - Translated over **200 Figma designs** into functional React components, employing Material UI and Tailwind CSS.
 - Resolved cross-browser compatibility and dependencies concerns, resulting in a **25% boost in website traffic**.
 - Addressed and resolved over 60 client issues, ensuring consistent support and maintenance for established projects.

Education

- Indian Institute of Information Technology** Bhopal, India
Bachelor of Technology - Information Technology; GPA: 8.55/10 Dec 2021 - May 2025
Courses: Computer Science, Data Structures and Algorithms, Database Management Systems, Software Engineering, Design Patterns, Object Oriented Programming, Operating Systems, Artificial Intelligence, Discrete Math

Skills

- Languages:** Java, Python, JavaScript, SQL, Node.js, HTML, CSS, C++, TypeScript, Bash
- Frameworks:** React.js, Flask, Django, Django REST Framework, SQLAlchemy, Express.js
- Tools:** CI/CD, Git, PostgreSQL, NoSQL, DynamoDB, MongoDB, REST APIs, JWT, Testing, Microsoft SQL Server
- Platforms:** AWS, Docker, Kubernetes, Linux, Git/GitHub, Jenkins, Redis, Postman, Splunk, Grafana

Projects

- Ayurmitram** | <https://github.com/ayurmitram> Dec 2023
Express.js, React.js, Random Forest Classification
 - Programmed an **AI chatbot** that classifies individual prakruti(phenotype) into 7 distinct categories.
 - Secured sensitive data by implementing encryption and time-limited storage up to 1 week in MongoDB database.
- Backpack** | <https://github.com/satyamrs00/backpack> | <https://main-back-backpack.netlify.app> Jan 2023
Django REST Framework, React.js
 - Built backend REST APIs using Django REST Framework for a resource-sharing platform promoting collaborative book exchanges among college students.
 - Conducted unit and integration testing on over 10 endpoints, utilizing Postman to ensure system reliability.

Achievements

- Attained **1st place in SIH 2023** by developing an innovative chatbot designed to determine individual phenotypes.
- Achieved a **3-star** rating of 1774 on Codechef. Placed in top 4.44% with a rating of 1906 (**knight**) on Leetcode.
- Consistently ranked within the **top 200** globally in Codechef Starters, with best positions of 99, 126, and 160.
- Organized 3 workshops emphasising the importance of open source. Reached 500+ students through these events.

- Secured 2nd place at HackSquad 2022, demonstrating excellence in competitive open-source contribution.
- Placed 4th in a college-level competitive coding event hosted by the Codame Club at IIIT Bhopal.
